To whom it may concern:

I have been teaching acting for the past 25 years and have had the pleasure of working with Milanka Brooks for the past two years. During that time, I have seen her enthusiasm and tremendous growth as an actress. I have also witnessed agents and producers in Los Angeles single her out for her outstanding performances. I am sure that she will reach her huge potential as an actress, for she is very determined. I know that this is only the beginning of a wonderful career. If you have any further questions about Milanka's work please call me at 818-781-8000.

Thank-you so much,  
**Bernard Hiller**
